What? Are you dumb as fucking rocks? Anything you design can be understood and worked around by the people you are trying to stop. Your only choice is to create a police state: exactly what we were taught to hate about communist Russia while we were growing up here in Amerika. Drop it. The "random selection" is harassment plain and simple. I will sue the FAA, DOJ and the airline if I or any of my family are harassed by your fucking goons.

Is this what we get for our tax dollars? A Mickey Mouse version of the CCCP? What sheisskopf thought this crap up? Pinheads.
